Fahmi Ilmi Yogianto
ORSTED EDUCATION
Surabaya, East Java, Indonesia

Subject: Electrical Tutor

Dear Mr. Fahmi,

I am writing to express my strong interest in the **Electrical Tutor** position at ORSTED EDUCATION. As an Applied Bachelor of Engineering student in **Industrial Mechanical Engineering at Institut Teknologi Sepuluh Nopember (ITS)** with a GPA of 3.27, I am eager to combine my technical background and passion for education to inspire your students in STEM. My academic training has equipped me with a solid technical foundation, including proficiency in engineering software like **Autodesk Inventor and AutoCAD**, while my internship as a Quality Control Assistant at **PT PLN PUSHARLIS UWP VI** has sharpened my attention to detail and ability to analyze complex technical systems.

In addition to my engineering background, my extensive leadership roles as Expert Staff in **Himpunan Mahasiswa (HMDM ITS)** and the **Student's Engineering Challenge** have refined my communication, teamwork, and project management skills. These experiences, combined with my creative background in digital media and a **TOEFL score of 500**, allow me to explain complex concepts in a simplified, highly engaging manner for students, both in Bahasa Indonesia and English. ORSTED EDUCATION's innovative approach to STEM aligns perfectly with my creative and detail-oriented mindset, and I look forward to the possibility of discussing my qualifications further in an interview.

Sincerely,

Nadhif Adyatma
